

WE HONOR VETERANS

FIVE YEARS OF EXCELLENCE

# IT BEGINS WITH “ARE YOU A VETERAN?” ...

AND BUILDS ON THIS WITH KNOWING WHAT TO DO WHEN THE ANSWER IS “YES”. THROUGH THE DEPARTMENT OF VETERANS AFFAIRS’ COLLABORATION WITH NHPCO, SERIOUSLY ILL VETERANS IN AND OUTSIDE VA ARE BEING THANKED FOR THEIR SERVICE, RECEIVING CARE FROM TEAMS TRAINED TO DEAL WITH VETERAN-SPECIFIC ISSUES AND ARE PART OF ONE OF THE FASTEST GROWING CAMPAIGNS IN NHPCO’S HISTORY, KNOWN AS **WE HONOR VETERANS**. IN MANY WAYS, THIS CAMPAIGN HAS BROUGHT OUR COUNTRY TOGETHER TO CARE FOR AND HONOR THOSE WHO HAVE SERVED.

Dr. Scott Shreve, National Program Director, Hospice and Palliative Care  
Department of Veterans Affairs

**We are proud of the tremendous growth and success of *We Honor Veterans* because it reflects the commitment our hospice and other partners have to providing quality end-of-life care to our nation's Veterans. It is an honor to work closely with the VA and our partners to ensure that the men and women who have given so selflessly, receive the support and compassionate care they deserve.**

J. DONALD SCHUMACHER, PRESIDENT & CEO  
NATIONAL HOSPICE AND PALLIATIVE CARE ORGANIZATION

## INTRODUCTION

***One out of every four dying Americans is a Veteran. Since they have done everything asked of them in their mission to serve our country, we believe it is never too late to give them a hero's welcome home.***

*We Honor Veterans* is a national campaign designed to engage and support community hospice and other health care providers in better understanding and addressing Veterans' needs at the end of life.

In September 2010, the National Hospice and Palliative Care Organization in collaboration with the Department of Veteran Affairs launched WHV to address the growing need for Veteran-centered care, especially as the need for access to hospice and palliative care by the aging Veterans population was growing.

Since its inception, WHV has successfully grown to include the involvement of over half of the hospice community nationwide, the fastest growing program in the history of NHPKO – and now extends its efforts to include non-hospice community health care providers.

### **The goals of WHV are to:**

1. Promote Veteran-centric educational activities,
2. Increase organizational capacity to serve Veterans,
3. Support development of strategic partnerships, and
4. Increase access to hospice and palliative care for Veterans.

WHV provides education, resources, and technical assistance to educate hospice and other health care professionals caring for Veterans, including those whose military service, combat experience, or other traumatic events may come to light during their dying process.

By recognizing the unique needs of America's Veterans and their families, community providers, in partnership with VA staff, learn how to accompany and guide them through their life stories toward a more peaceful ending.

## HOSPICE SAVANNAH HONORS OUR VETERANS

I DO SOLEMNLY SWEAR THAT I WILL SUPPORT AND DEFEND THE CONSTITUTION OF THE UNITED STATES AGAINST ALL ENEMIES, FOREIGN AND DOMESTIC; THAT I WILL BEAR TRUE FAITH AND ALLEGIANCE TO THE SAME; AND THAT I WILL OBEY THE ORDERS OF THE PRESIDENT OF THE UNITED STATES AND THE ORDERS OF THE OFFICERS APPOINTED OVER ME, ACCORDING TO REGULATIONS AND THE UNIFORM CODE OF MILITARY JUSTICE. SO HELP ME GOD.

(Photo courtesy of Hospice Savannah)

## WE HONOR VETERANS PARTNERS

A major component of the campaign is the engagement of *We Honor Veterans* partners who are primarily community hospice providers that demonstrate a systematic commitment to improving care for Veterans at the end of life and integrating best practices into their organization.

WHV provides tiered recognition to organizations and is designed so that providers can start with a commitment to become part of the program (as a “recruit”) and then progress through four different partner levels, achieving additional distinction as they move through each level. The logos below, with stars for each level designation, are provided to each organization once they have accomplished best practices associated with each partner level.

WE HONOR VETERANS

WE HONOR VETERANS

WE HONOR VETERANS

WE HONOR VETERANS

WHV sets the standard for best practices for providers to care for Veterans and to “earn their stars” they must demonstrate an increased capacity to care for Veterans. Examples of partner activities include developing and implementing:

- Veteran-specific content into staff and volunteer orientation,
- Military history checklist processes into referral/intake procedures,
- Procedures for assisting Veterans and families to access VA/Veteran benefits,
- Partnerships with local VA facilities and other health care providers,
- Veteran-to-Veteran volunteer programs, and
- Quality improvement processes to evaluate ongoing care.

The program’s website, [WeHonorVeterans.org](http://WeHonorVeterans.org), provides a wealth of resources and information to assist WHV Partners with their activities.

SERVING THOSE WHO SERVED US

# ACCOMPLISHMENTS

## EXEMPLARY PARTNER GROWTH

**Hospice Partners:** From the inception of the program in September 2010, the hospice community has embraced *We Honor Veterans* like no other program in the history of NHPCO. The explosion of hospices who have signed on as a partner dramatically showcases the program’s momentum over the past five years. More than 2,700 hospice providers participate in the campaign and recognize Veterans in extraordinary and heartfelt ways. (See “Extraordinary Practices”)

**Community Partners:** Originally designed for hospice providers, WHV is pleased to extend its partner opportunities to other community-based health care organizations providing direct care for seriously ill Veterans and their families. Community partners may include funeral homes, hospitals, skilled nursing facilities, assisted living facilities, home health agencies and other providers that understand the importance of serving Veterans based on their preferences for care and services. Dignity Memorial is credited as the founding community partner.

As of September 2015, there are nearly 1,000 WHV community partners from the following organizations:

HONOR FLIGHT  
SOUTHERN INDIANA  
VETERAN

HONOR FLIGHT  
INDIANA

(Photo courtesy of Chris Koyale and Gentiva Hospice)

## NATIONAL AWARD RECOGNITION

*We Honor Veterans* was recognized by the American Society of Association Executives with a 2015 Power of A Summit Award. The Summit Awards are ASAE's highest honor for associations and recognize the association community's valuable contributions on the local, national and global level. The awards reward outstanding efforts of associations to enrich lives, create a competitive workforce, prepare society for the future, drive innovation and make a better world.

*"Congratulations to NHPCO for helping to make the world a better place. Their story exemplifies how associations make a difference every day – not just to the industry or profession they represent, but to society at large."*

HUGH "MAC" CANNON, EXECUTIVE DIRECTOR OF ACEC OF METROPOLITAN WASHINGTON, AND 2015 CHAIR OF ASAE'S POWER OF A AWARDS JUDGING COMMITTEE

## VETERAN-CENTRIC PROFESSIONAL EDUCATION

One of the signature features of WHV is providing free "Veteran-centric" professional education to hospices and other health care providers to help them better understand Veteran's unique needs and serve them with the highest quality of care. Also, from the education WHV provides, partners are better able to educate their staff and communities about the needs and resources for Veterans and their families.

### WHV educational offerings and outcomes for the past five years include:

- **Online courses:** 7 online courses with a total of 1,777 participants
- **Partner networking calls:** 15 WHV partner networking calls with a total of 5,629 participants
- **Webinars:** 12 webinars with a total of 4,668 sites registered
- **Conference seminars:** Veterans-focused training seminars have been hosted in conjunction with NHPCO annual conferences throughout the country both as preconference day-long trainings and concurrent sessions.

A complete listing of WHV educational offerings is available at [WeHonorVeterans.org/education](http://WeHonorVeterans.org/education).

*"The webinar gave a lot of good talking points and how to appropriately approach different topics or emotions. When handling Veteran care, it's vital to remember that sometimes they have seen and dealt with many obstacles or hardships that are buried and unmanaged for many years."*

ATTENDEE OF WHV EDUCATIONAL OFFERING

## STRATEGIC PARTNERSHIPS

WHV has developed strategic partnerships with the following national initiatives to enhance the opportunities for partners to engage their Veteran patients and communities:

- Honor Flight Network [honorflight.org](http://honorflight.org)
- Hospice Foundation of America 20th Annual Living With Grief Program "Improving Care for Veterans Facing Illness and Death" [hospicefoundation.org](http://hospicefoundation.org)
- Keep the Spirit of '45 Alive! [spiritof45.org](http://spiritof45.org)
- Veteran History Project [loc.gov/vets](http://loc.gov/vets)
- Outreach in collaboration with many state hospice and palliative care organizations

(Photo courtesy of Bristol Hospice Hawaii)

## WE HONOR VETERANS IN THE MEDIA

We Honor Veterans and its partners have been featured in newspapers, magazines, journals, and on television nationwide. WHV content is powerful and works well with all media vehicles. Partners have shared stories about the Veteran patients they serve, provided education about the WHV program, and announced special Veteran-centric events.

## SOCIAL MEDIA

WHV has become increasingly active over several social media platforms including Facebook, Twitter, and Instagram. A special hashtag, **#wehonorvets**, was created and used to bring more awareness to the program and partners.

**“Winning the Award of Excellence is a major honor for Gentiva Hospice Evansville/Jasper. We go above and beyond for our Veteran patients and community everyday & could not be more thrilled to be recognized for our efforts in providing the We Honor Veterans program at the highest level of excellence. The NHPKO & We Honor Veterans program has given Gentiva Hospice employees the ability to embrace our Veteran patient population and provide the necessary specialized end-of-life care that in decades past was not a focus in the industry.**

# EXTRAORDINARY PRACTICES: PARTNERS GOING ABOVE AND BEYOND

## 5TH YEAR ANNIVERSARY AWARD OF EXCELLENCE

**WINNER: Gentiva Hospice** | Evansville, Indiana

To celebrate *We Honor Veterans* 5th Year Anniversary, NHPCO awarded a special 'Award of Excellence' to recognize the extraordinary investment, commitment and achievement of a hospice partner who provided outstanding quality end-of-life care to the Veterans and the families they serve.

Congratulations goes to Gentiva Hospice Evansville/Jasper, the winner of this prestigious award and a WHV level four partner that joined the program in August 2011.

Gentiva Hospice went above and beyond in implementing WHV best practices, honoring their Veteran patients and families, engaging staff and volunteers, collaborating with their local VA, and involving their entire community.

### Notable accomplishments:

- In addition to using the military history checklist upon admission with each Veteran patient, a special Veteran Patient Communication Board is used so all staff are aware of the specific needs and accomplishments of their Veteran patients. Additional questions were also added to the checklist to recognize specific awards, war era and service.
- Initiating the original Hospice Veteran Partnership which is now being hosted at the local VA clinic by a nurse from their local VA's hospice and palliative care team.
- Providing a Veterans benefit packet to families of Veteran patients which has resulted in an increase utilization of VA benefits.
- Recognizing every Veteran patient with a special pinning ceremony plus providing special emergency ceremonies for those facing imminent death to thank them one last time for their service.
- Involving Veterans from community organizations such as Rolling Thunder and the local Indiana Army National Guard unit to participate at pinning ceremonies.
- Participating in the annual Homeless Stand Down that the local VA hosts.
- Working with the local university and Veteran Center to hold a Honoring Women's Veteran conference.
- Recruiting volunteers from the community to record Veteran stories for the Library of Congress' Veteran History Project.
- Ensuring each Veteran patient has a proper service and burial by working closely with the local funeral homes.

In addition, Gentiva Hospice formed the 133rd Honor Flight Hub – Honor Flight of Southern Indiana. Since its creation a little over a year ago, 140 Veterans have flown to Washington, D.C. to visit the memorials and be honored for their service.

*"For our Veteran-centric community, the We Honor Veterans program catapulted Gentiva Hospice Evansville/Jasper into helping make dreams come true for hundreds of local senior Veterans through our creation of the Honor Flight of Southern Indiana. Veterans lives have been changed forever because of the awareness that We Honor Veterans program brought to Gentiva Hospice Evansville/Jasper."*

ASHLEY GREGG

**Marine,**

**I understand you may be packing a seabag for a final deployment – and that “if” your position is overrun, you’ve elected to go over the side wearing the cloth of our Corps. If anyone ever needed tangible proof of the adage “once a Marine, always a Marine” – I’ll be forever honored to cite your touching example.**

RETIRED MAJ. GEN. CARL B. JENSEN OF THE U.S. MARINE CORP

(John Kelley in his Marine dress blues. Photo courtesy of Walla Walla Community Hospice.)

## PARTNER HIGHLIGHTS

During the past five years, *We Honor Veterans* has received countless stories from our partners who have gone above and beyond for Veteran patients. From hosting a pinning ceremony to coordinating an Honor Flight, partners continue to provide exemplary service that goes further than patient care – and beyond what is required for their partner activities. Most importantly, their stories highlight the Veterans they serve and the sacrifices these amazing service men and women have made.

### **Walla Walla Community Hospice** | Walla Walla, Washington

Walla Walla Community Hospice helped a Vietnam Veteran, John Kelley obtain Marine dress blues. The patient expressed his desire for a uniform for his burial so his hospice social worker stepped in to make his dream come true. Nancy Bowes worked with the Virginia-based Navy-Marine Corps Society and after a blast email detailing the situation was sent from the Society, pieces of dress blues came together. John Kelley received his dress blues along with a letter from Retired Maj. Gen. Carl B. Jensen of the U.S. Marine Corp:

### **Hospice of Michigan** | Detroit, Michigan

Hospice of Michigan honored a real “Rosie the Riveter.” Theresa Frank worked on B-17’s at the Briggs Assembly Plant in Detroit during WWII riveting wing tips onto the planes. She was also a member of the Briggs Bomberettes Women’s Softball team. Mrs. Frank’s ceremony included the National Anthem, a prayer, and a reading of the poem “Rosie the Riveter” by Del a.k.a. Abe Jones. Surrounded by her loved ones, Mrs. Frank was presented with a certificate of thanks for her service.

### **Optum Palliative and Hospice Care** | Colorado Springs, Colorado

Optum Palliative and Hospice Care partnered with the Dream Foundation and other local organizations to coordinate “last dreams” for their Veteran patients. Optum arranged Honor Flights, replaced medals, arranged for a Veteran patient to watch young military personnel practice air jumps, and sent one WWII Veteran to Pearl Harbor with his family because he wanted to return once more before he died.

### **MJHS Hospice and Palliative Care** | New York, New York

MJHS Hospice and Palliative Care honored 99 year old Herbert Epstein, a retired captain, WWII Veteran at Normandy, and liberator of Buchenwald concentration camp. Drafted by the Army in 1943, Mr. Epstein’s service took him to France, Brussels, and Germany.

(Photo courtesy of Heritage Hospice)

**Acacia Hospice** | Burlington, New Jersey

Acacia Hospice helped Alan Hayden, a WWII Veteran and POW in Germany in 1945, apply and receive his POW medal. The medal was presented to him by Congressman Chris Smith.

**Big Bend Hospice** | Tallahassee, Florida

The Big Bend Hospice Veterans Memorial Garden was designed and financed by a group of volunteers. Speakers have been installed in the garden so that TAPS is played every day at noon and is also available during special occasions like the remembrance ceremony the organization holds for Veterans in the community.

**Center for Hospice Care** | Mishawaka, Indiana

Center for Hospice Care adopted a local soldier's unit in Afghanistan. Care packages including special messages from the Veterans at local nursing home and assisted living facilities were assembled and shipped to the unit.

**Vitas Healthcare, NJ West Program** | Mt. Laurel, New Jersey

VITAS Veterans Liaison Gwendolyn Redman helped Sam Valez, a Korean War Veteran, obtain five medals for his service that he had earned but never received, after meeting him at a We Honor Veterans presentation at the assisted living facility where he lived. Ms. Redman did the necessary work to get Mr. Valez's medals and also coordinated a public recognition ceremony to honor him.

**Hospice of Southwest Iowa** | Council Bluffs, Iowa

Hospice of Southwest Iowa has hosted Spirit of '45 events for the last three years for WWII Veterans. The event is free and open to all Veterans and the entire community. Volunteers and staff of the organization assist on the day of the event which features a 21-gun salute and speeches from local dignitaries and retired military officers.

**Heritage Hospice** | Danville, Kentucky

Heritage Hospice has engaged in several activities to create community awareness about their We Honor Veterans program. To celebrate Black History Month, the organization honored African-American World War II and Korean War Veterans.

(Photo courtesy of Hospice Savannah)

**Hospice of the Chesapeake** | Pasadena, Maryland

Hospice of the Chesapeake has a committed group of Veteran-to-Veteran volunteers. Bill Malicki, a Vietnam Veteran, is often paired with Veteran patients. He says that the Veteran-to-Veteran bonding allows many to open up and share stories they have never told before.

**Heartland Hospice of Warrenton** | Warrenton, Virginia

Heartland Hospice of Warrenton has a very special volunteer that visits with Veteran patients. Gunnery Sergeant (honorary) Nikita is a certified therapy dog who works side-by-side with a full-time, dedicated Veteran Program Coordinator and retired Marine. Nikita, always in camouflage, helps brighten the day for many patients and is a wonderful presence to the patients who are unable to communicate.

**Hospice of Dayton** | Dayton, Ohio

Hospice of Dayton helped recognized a WWII Veteran with a Congressional Gold Medal-an honor long overdue. John Lee Cooper was a Montford Point Marine, the first African-Americans to enlist in the U.S. Marine Corps. He was sent to the South Pacific during the war where he served his nation honorably.

**Allina Health Hospice & Palliative Care** | St. Paul Minnesota

Allina Health Hospice & Palliative Care has partnered with Twin Cities Honor Flight. Many of the Veteran patients are unable to make the trip to Washington, D.C. so the organization sends pictures of Veteran patients on the flight and a photographer takes a photo of the pictures in front of the WWII Memorial. The photos are framed and presented to the patients and families.

**Hospice Savannah** | Savannah, Georgia

Hospice of Savannah helped honor 95 year-old Amelia Jones who was finally recognized as a Tuskegee Airman in 2014. Mrs. Jones enlisted in the Women’s Army Auxiliary Corps at Hunter Army Field in 1943, and served during WWII, in the 99th Pursuit Squadron. Seventy years later she was recognized and given an iconic Tuskegee red jacket and medal.

## THE FUTURE: WHAT'S NEXT

The tremendous success of *We Honor Veterans* continues to provide even more momentum and opportunities for the future. The programmatic accomplishments achieved in five years and the overwhelming embracement by hospice and community providers, and the VA, speaks volumes about the dedication to provide the best quality of care for Veterans facing the end of life and their families.

On January 8, 2015, NHPCO convened a strategic planning meeting with a diverse group of key stakeholders representing VA leadership, WHV hospice, community partner organizations and NHPCO with expertise and a vested desire to expand and sustain the WHV program. Based on the thoughtful meeting discussion and lessons learned from the past five years, the following four strategic opportunities were selected to further develop for WHV's future strategic plan:

1. Cultivate new partnerships with external stakeholders and WHV partners,
2. Enhance communications about WHV and education opportunities for partners, and
3. Develop systematic quality improvement efforts.

Ultimately, the overarching goal is to engage the entire nation in thoughtful and respectful caring for Veterans at the end of life. It is our duty and honor to serve those who have served us at their most vulnerable time. NHPCO's *We Honor Veterans* is committed to fulfill our mission to serve these men and women with the dignity they deserve.

## HOW YOU CAN GET INVOLVED

America's Veterans have done everything asked of them in their mission to serve our country and we believe it is never too late to give them a hero's welcome home.

### BECOME A PARTNER!

- Hospices which are not yet *We Honor Veterans* partners may already be doing work that would qualify them for this distinction.
- Community partners may include funeral homes, hospitals, skilled nursing facilities, assisted living facilities, home health agencies and other providers that understand the importance of serving Veterans based on their preferences for care and services.

To learn more about becoming a partner, visit [WeHonorVeterans.org](http://WeHonorVeterans.org).

## WHV LEVEL FOUR PARTNERS (AS OF SEPTEMBER 30, 2015)

Thank you to our WHV level four partners who have gone above and beyond to provide quality care and services for Veterans and their families. For a complete listing of all WHV partners, visit [WeHonorVeterans.org/partner-directory](http://WeHonorVeterans.org/partner-directory).
